ITS: THE GAME CHANGER

The ITS Congresses represent the ultimate showcase of mobility services deployment. Every year, ERTICO organises ITS regional- or World Congress in Europe.

Congresses are the yearly celebration of smart mobility: they underline the importance of Intelligent Transport Systems (ITS), particularly in cities and regions where they are hosted and are important channels to raise awareness of smart mobility solutions among policy makers, experts and the general public. Exhibiting and commercial partnerships are vital in contributing to the actuality and success of a congress.

The 2020 ITS European Congress invites all sectors to play a role in our ongoing development in mobility. Our sponsorship and exhibition packages reflect our commitment to work with- and bring together diverse industry professionals to develop a cross sector network, collaborate and ultimately create new business opportunities.

ITS: THE GAME CHANGER

Welcome to Europe's hub for innovation and smart mobility.

With the theme ITS: The Game Changer, the 14th ITS European Congress, organised by ERTICO – ITS Europe and the European Commission, will showcase the latest technologies adopted by the Lisbon Region, host of the event, together with all the available ITS services and solutions in Europe.

Lisbon is part of Europe's entrepreneurial and innovation ecosystem and enjoys global recognition as a welcoming destination. This, combined with ERTICO's mission and work on promoting and developing smart mobility services, promises a fantastic programme, innovative live demos and a great experience overall.

The sheer speed and scope of ITS, propelled by technological developments and social and environmental needs, are unprecedented. ITS has already made transportation much more efficient, demand-responsive and safe. And more is to come. The innovative potential of ITS is too vast to foretell our mobile future. We only know that ITS, The Game Changer, will keep changing the game – and us.

THE CONGRESS REPRESENTS A UNIQUE OPPORTUNITY TO BRING YOUR PRODUCT TO THE RIGHT AUDIENCE

The Congress gives you access to the entire ITS community. Over 3200 participants from more than 50 countries will attend and the Congress will attract some of the most established and recognisable companies to new players and industry influencers.

Commercial Partnerships with the ITS European Congress enable companies to communicate and interact with their key audiences through a variety of branding, editorial and keynote opportunities. By exhibiting, you position yourself among the latest ITS solutions and most advanced technologies, putting you in the marketplace for the future of mobility.

HOW TO BE PART OF THE ITS EUROPEAN CONGRESS?

EXHIBITION & COMMERCIAL PARTNERSHIP

The Congress gives you exceptional access to the entire ITS community. Attracting everyone from the most established and recognisable companies to new players and industry influencers.

By exhibiting, you position yourself among the latest ITS solutions and most advanced technologies that delegates look for, putting you in the marketplace for the future of mobility.

Most of the commercial partnership options are in a classic package. However, we provide flexibility to best fit your strategic needs and marketing budget.

DEMONSTRATIONS

The purpose of the ITS Congresses is to push the boundaries of modern mobility.

Demonstrations offer delegates and visitors an exciting experience and the opportunity to learn about groundbreaking ventures and current and future mobility possibilities.

At ITS Lisbon 2020, demonstrations will take place close to the venue.

Demonstrators will have a unique opportunity to bring governmental, public and media attention to their brands and products with this ephemere test bench for smart mobility solutions.

PROGRAMME

The Congress Programme offers delegates an unparalleled opportunity to learn about the latest ITS technologies and new mobility concepts.

Experts from the mobility sectors (and beyond!) are invited to submit contributions for various type of sessions to share innovative ideas and lessons learnt, discuss mobility challenges that cities are facing today and how they can be addressed through ITS solutions.

Join the discussion on policy issues, research findings and industry best practice around the Congress main theme and related topics.

TESTIMONIALS

“ The ITS Congresses offer an inspiring viewpoint to the future of mobility and transport. They are excellent events for a political decision maker to share insights and meet with key stakeholders in the ITS sector worldwide. ”

-Anne Berner, Finnish Minister for Transport & Communications

“ The city of Lisbon is aware of the relevance of this initiative, as it will surely represent an opportunity for all the involved stakeholders to interact with the many Congress delegates and learn from top experiences. ”

-Fernando Medina, Mayor of Lisbon

“ ITS European Congresses are widely recognized as one of the most important international events concerning IT on intermodal and transport sectors. The Minister of the Sea foresees with high interest the opportunity to have such an important event in Portugal, representing relevance and opportunities for the country. ”

-Ana Paula Vitorino, Minister of the Sea, Portugal

“ The ITS Congress is an invaluable platform to get live updates on trends, pilots and deployments of smart mobility. What I appreciate in the various Congresses is the smooth organisation and the combination of expert workshops with a great exhibition. Definitely worth a visit! ”

-Joost van Tomme, Smart Mobility Director, ACEA

“ Smart solutions supported by digital tools are the future of mobility. To understand how intelligent transport systems will revolutionise the way we move, attend the ITS Congress! ”

-Young Tae Kim, ITF Secretary

“ The ITS Congress is an event that gathers a lot of knowledge. What you can do here you cannot do anywhere else. There are many events that revolve around ITS, but this is THE place to be! ”

-Claire Depre, Head of unit Sustainable and Intelligent Transport DG MOVE European Commission
